30 YEARS OF INNOVATION

For the past 30 years, Premier Homes has been the leading innovator in the Wilmington area's housing and community development marketplace.

Our home plans have evolved by listening to our buyers and adapting ideas they have brought to us. The end result are home designs that serve homeowners needs over several years, not just the present.

THE BEST LOCATIONS

We have developed communities from North Carolina to Florida our philosophy has always been to combine the best location with the best home plans and products to create a safe secure investment for our clients as well as the best living and enjoyment experience.

Our philosophy has and always will be “we would never develop a community that we would not live in ourselves with our families.” Close to daily wants and needs with medical, dining, and entertainment always close by.

SMART HOME DESIGN

We're committed to serving homeowners of active retirement age. Play golf or tennis, get in a workout, take a dip in the pool or ocean... Our communities were created to make your life more *enjoyable*.
